Please look at note from Lona Gail. Also if anyone would send me "their" life story like Donna Aslan-Drake did it would be great. Just a simple story.

Thanks Michael Sermons

Mike: Sure you saw on FB that Sam O'Carroll's mother passed away today. Would you please if you have it send an email letting the class know and her address so that we can send cards.

Thanks so much. Lona g.

Thank you for the information. This is very sad. It sure was great going on that trip to see Jimmy. Makes me very happy for the back pain after the trip I had to suffer.. I do not know what pain is compared to this.

Take care, Roberta

Donna Aslan Drake

Michael,

Didn't want to get left out of the mix...I'm still a resident of Jacksonville or as my oldest son calls it "Dysfunctionville." I visited a lot of places but never found any place I liked more than I liked being at home. I lost my dad in 1993. Lost my mom this past April and just this week, I lost my brother, Jimmy.

I'm still kicking and very glad to be around. I have 2 sons, Michael 41 and Caleb 21, yes, they are 20 years apart! What was I thinking? The younger one made me "grammie" to Chase Michael who is 3 going on 13!

I love how the newest generation is so smart and clever. So far ahead of us when we were their ages. I still live on the Westside but left Woodstock Park over 35 years ago. I live in a rural area on 5 acres with lots of grass to cut but I love the space. I work at Citi bank in the Fraud department for Home Depot busting bad guys who steal people's identity. Enjoying FACEBOOK these days catching up with childhood friends and memories I thought were almost forgotten. Hope to see you there!

received from roxanne jones

Thanks for the update, Jim e-mailed me a few days ago and asked me to give him a call . I replied I would but we lost a friend to cancer this week and have not had a chance but I will do so soon. sorry to hear this about Jim. My prayers will sure be sent his way. Roxanne

received from Carolyn Humphries

Dear Donna,

You and Jimmy will be in my thoughts and prayers.

If I can be of any other comfort just call.

May the Peace of God be with you,

Carolyn Bissonnette (Kayse Humphries)

Jim, I pray for your final journey to be a peaceful crossing. I hope God grants you 150 days but whether or not you are physically present to walk your daughter down the aisle I am sure she will hold you close in her heart as only a daughter can and she will feel your love.

Shirley Bowen-Dickinson

Jim,

I don't know if you even remember me, but we used to "hang" together in high school on occasion!

I was very touched by your message and I'm sure that whoever I show it to or forward it to will be also!

Since our high school days I have become a Christian, also!

I am glad to hear that, judging by your message, you have had that time where you accepted Jesus as your Savior and Lord!

That, of course, is the only way we can experience peace as we depart from this life into the home He has prepared for us!

I am a little sad that we have lost touch over the years, but if I do not see you again on this side of our real home, I fully expect to see you there!

None of us have any guarantees as to what our life will bring or how long we will be here.

I believe, as you do, that we just leave all those things up to the Father! Even if we live to be 100, the Bible says that our life is as a "vapor"!

My brother, I will be in prayer about you being there for your daughter's wedding! I believe that our Heavenly Father honors prayer! I will also seek prayer from other Christians that I know!

Your friend and brother, David Albritton

What an awesome Testimony and you are right he will never leave or forsake us. I am praying in agreement with you that GOD grants you the honor of giving your daughter away in marriage. Let's agree that all class of 69' grads know the Lord personally before it is too late.

Jimmy Aslan wanted me to tell everyone that our on Greg Walker of "Blackfoot" will be playing on the 17th of this month in Orman Beach. It will be at a bar and it is during "Bike week" at Daytona Beach. So it may be a little wild. call Jimmy for more information---1-321-674-0342 He said he WILL be there.

received From Sue Wilson Vize:

I started working with Southern Bell while I was in high school. I worked with Southern Bell until I transferred to Dubuque, Iowa, and worked for Northwestern Bell..

The reason that I transferred was that I was engaged, then married my husband in Jacksonville, and we moved to his hometown (sight unseen). It was a BIG shock when I moved to Iowa. It took me about 3 years to adjust! It is really beautiful up here, but its not the ocean! Ha! Dick is an engineer with John Deere. He has retired, but John Deere asked him to work as a contractor; so he continues to work.

Dick and I will be married 37 years in December 2009. We have two sons (ages 35 and 32). Our oldest son is married with three sons and a baby daughter due this November. Our grandchildren are over at our house every week (which we love). Our youngest son has not taken the plunge yet.

I worked with Bell Systems for 20 years until the breakup of the Bell System. I took several years off work, and then went to work as an Executive Assistant for 11 years, and then retired. I enjoy genealogy, stitching, walking, doing things with the children and grandchildren, and generally doing what I want to do.

I usually come to Florida each year for 2 - 3 months (August to October). I come down alone, and visit friends and relatives, and travel all over. I have never heard anything about the reunions (but who would know how to reach me?), and my sisters didn't know about my class reunions. Sorry that I just missed this past reunion.

It has been great to see what everyone is doing. I look forward to reading more interesting notes. Sue

received from Roxanne Jones-Chapman

Hi this is Roxanne, I don't know how this could get done and I don't know that this will be of any help but until it is asked you will never know so there is a doctor at Baptist, he is in charge of Pain Management. I know this because he was my doctor at one time but since my move he just is to far away and I had to find someone else but he is an exceptional doctor his name is Dr. Orlando Florete. Just try to see if he will look at her and maybe he can help findout what is wrong.She will be prayed for.

received from Ellen Wilson Page

This message is for Lynn Sullivan about her 22 yr. daughter. I just wanted you to know your request for prayer really touched my heart and I went to The Great Physican that He would give her some relief. I also asked that He would grant knowledge to her physicans. I also prayed that God would give you comfort as you minister to her. Love in Christ, Dale Redding

received from Nancy (Byrd) Goodman

Hi Mike - This is Nancy (Byrd) Goodman. I married Mike Howell while still in High School and we had one child - Michael! Michael is 40 years old - been married for 20 years and has given us one granddaughter (Chloe) who is going to be 13 in November. We divorced after a couple of years but have remained friends and stay in touch periodically - especially where Michael is concerned. I remarried in 1976 and Rick and I have been together for 33 years. We have a 25 year old daughter - Cassie - who is still at home and going to school. Seth is our baby - he's 23 and living on his own. We moved to NC 30 years ago and love it. We now live in Wake Forest, NC and I manage a propane company in Youngsville. Rick is a senior warranty manager for David Weekley Homes in Raleigh. Life has been good to us - and we both look forward to retiring as soon as we can. We would love to enjoy life while we're still young!

received from Linda (aka Lee) Brown Bradstreet

Hi Mike,

Linda (aka Lee) Brown Bradstreet here. Although my life is certainly far from exciting, thought I'd better send you info before you published something like "currently working as a belly dancer in a bordello in Mexico"!

For the real info, I currently live in the beautiful mountains of North Carolina, between Asheville and Hendersonville in the small town of Fletcher.

I've been divorced for 25 years and have no children, no grandchildren, few close family members, and no pets (at the present time). However, I have been truly blessed throughout the years with wonderful friends that I treasure deeply and consider my family. I thank God every day for them.

As far as work history, I worked for 16 years in Charlotte, North Carolina as an Executive Assistant/Accountant to a family involved in textile and various businesses. Prior to that, I worked in international trade from Far Eastern countries for over 15 years and traveled extensively throughout the United States, Taiwan, Hong Kong, Korea, Japan, and mainland China. I've since continued my travels to include most European countries, Mexico, the Bahamas, Canada, etc. My favorite place of all is the village of Kinsale in Ireland, my second favorite is my current home.

If anyone is ever in my area, feel free to give me a call. Asheville and Hendersonville are great places to visit!

received from Debbie Overstreet-Dougherty

Well here's the short version: I did get married right after high school, didn't last. Worked for American Heritage Life Ins. Co. for over 20 years, left and went to a smaller company and then returned to AHL and we were bought by Allstate and I stayed on for 8 more years. Attended the 35 yr. reunion and met Marion Dougherty. At the time I lived in Jax. and he in Houston. We began by emails and phone calls. Then he moved to Jax. in Feb. after the reunion. We got married in November 2005 and left Jax. in September 2006 and moved to Houston and built a new home. This has been the best decisions of my life and I found the love of my life and he treats me like a queen. We lost my Dad before the move and my Mom lives with us here in Houston. Marion took on much more than he planned, but, he stepped up to the plate and has made a very warm and loving life for us here in Texas. He had two children 1 daughter and 1 son. His daughter is married and they have given us the very best gift of all 1 grandson who just turned 1 yr. old and he is just the love of our lives and a pure joy and the best part is that he only lives 2 blocks from our house.

Received from Deborah Reid

Received this morning from Lynne Sullivan Sternett

My 22 year old daughter, Lindsey needs everyone's prayers... She's had back pain for two

months so bad that she hasn't worked since August and an epidural on Friday Sept. 25 made

her worse...we took her to the Baptist ER on Sun Sept. 27 and she's been here since...she has

not walked since the night after the epidural

and now she has pneunonia. They have no idea yet

what caused her pain to start with. Please pray for someone to find the cause.

Shannon O'Carroll McDonald has been great in keeping up with her through facebook and

Lona Cox suggested I let you know so all the Paxon group could keep her in

their prayers.

Later, Michael Sermons

received from Wanda Yeomans

Hi Mike, this is Wanda Yeomans Jewell. I am so glad that you are doing this to help everyone keep in touch. What a great thing you have done. I married in August, 1969 and had twin boys in March 1970. One of the boys died in 1993 at 23 from a car accident. My other twin, Jimmy, has three children and they are the love of my life. My twin sister Debbie died on our birthday February 23, 2007 from diabetes. I miss her, but they say God will bring me through and so far he has. I am now married to a wonderful man, who treats me like a queen. We have been married 8 years. I work for attorneys, I am a paralegal and have been for 35 years. I love my job very much and do not plan to retire anytime soon. I have 9 cats. Thanks again for doing this for our classmates.

Wanda

received from Shannan (Sam) O'Carroll McDonald

Again thanks for doing this. I graduated Armstrong State as a Dental Hygienist and never practiced!!!! Was hired with Southern Bell, went up the ranks from operator, draftsman, engineer and forecast manager. I had a very good time traveling and having fun until I met my husband Larry and he made me settle down!! We have been married for 27 years and have both retired from BellSouth. Moved out of Atlanta and purchased a farm in Washington, Georgia. We own horses, dogs, cats, chickens and are soon to get cows. We have 2 daughters and 3 grandchildren. Recently my 90yo"year old" Mother has moved in with us and we try to keep her busy and keep explaining Pizza Hut does not deliver out her in the sticks! We are DAWGS fans! Don't hate us. Lets have another get together before 5 years----we are all getting older.

received from Shirley Bowen Dickinson

I have been a Register Nurse for 30 years. My under graduate degree is in Nursing Science and my Master's is in Management. Most of my career was spent in the hospital setting but for the last 8 years I have been with Community Hospice of Northeast Florida. I am currently working just a few hours a week as a Clinical Projects Specialist and really enjoying my semi-retirement. It seems like I have been married to 100 different men over the years (depending on his mood) but the truth is I have been married to only one for the past 38 years. The most interesting vacation was to Australia, specifically to Kangaroo Island. Absolutely beautiful country and it was amazing to have kangaroo's walk up and eat out of your hand on one side of the island and see the beach lined with seals as far as the eye could see on the other side of the island. The craziest vacation was to Vermont in January of this year. I wanted to make sure we saw snow... we did... a lot of snow. It was great fun though and the scenery was breathtaking.

received from Shirley Pridgen Fulford

Hey Mike, who would have ever thought you would be so clever and keep all of us 69ers together. ha ha, just teasing...this is Shirley Pridgen Fulford.. I have been married to Wayne Fulford for 38 years in December. We have 2 sons, Jason (35), Kevin (31) and 1 daughter, Shelley (27). We have a granddaughter, Taylor (7) that lives just 10 minutes away and Shelley is expecting a son any day. We also have a grandson (Jason's) my marriage, who is 6 and lives in Tennessee. My youngest son, Kevin is an avid sportsman, fishing, hunting, doesn't have time for women. yet....

Over the past 40 years, I have been a secretary, receptionist for lawyers, Copytronics receptionist, co/owner of a Piggly Wiggly grocery store and a medical receptionist at a clinic in Winter Haven, Fla. I have been staying home for the past 5 years due to health problems and helping Shelley with her daughter, the usual things like taking her to school, etc. Wayne has worked for 12 years with WalMart as a co-manager and we have lived in the Lakeland area since 1997. We are active in our church and live a pretty quiet life on our 5 acres in Bartow, Fl

May we all have good memories of our class of 1969.....

received from Cathy Farmer Sokol

Hey Mike and Everyone who is jumping on this adventure,

Cathy Farmer Sokol, living in Flagler Beach , FL , my husband Mike and I picked this location about 28 years ago, raised 2 daughters and just love this place. Daughters moved on to Georgia and Virginia where they are raising our 4 grandchildren. We get visits often, because they love to come home to the beach life...Mike and I do a lot of sailing and outdoor stuff, as we always have. I work for Flagler County Schools, Human Resources and will retire in about 4 years. Mike is with Daytona State College and Coaches the Women's Softball Team. Thanks for everyone who is sharing

received from Dale May Redding

Hi Mike, This has been an interesting read for me. This is crazy Dale May Redding. I don't have much time but I need for all to know that God has truly blessed Richard and I with over 40 yrs. of marriage. We have three adult children-one girl and two sons. They have blessed us with 5 grandsons and 1 granddaughter-plus two on the way. The ones on the way are also girls. We stay active in our church out in Lawtey and have 14 acres and a farmhouse and cows and a place for our children, grandchildren and friends to come around. More later, Dale

This was received from Emily Faircloth Fletcher, Gary's Daughter. I thought some of you would like to see it in honor of Lorraine. Gary, forwarded it to me.

I am in the process of making this website as a memorial for Mom, so that family/friends can come and share memories. It's not finished yet, but here is the link so you can see what's there for now:

received from Deborah Jewell Hastings

Hi Michael.

Thanks for the email. I was a graduate from Paxon in 1970. My late husband, Richard Nelson Johns, was in the class of 1969, but did not graduate. He passed away in July of 2003. My maiden name was Deborah Jewell Hastings. I have the list you sent, however, I do not know anyone on there. If you have any info on a reunion for 1970, pls let me know. Hope this helps.

Deborah Austin

Mike Sermons wrote to Debra  
I'm sorry to hear about Richard.

Here is a link of a man that created a web site, and your class is listed and has some info on it.  
<http://www.paxon.us/>

Also here is our link for the class of 1969. We would like to list Richard on the list of deceased if it is ok with you. The fact that he did not graduate does not make a difference to us. He was a member of our class. <http://www.paxon.us/1969.html>

Lastly, do you want to continue receiving our 1969 class up dates? If not just let me know.

Thanks so much for the information. It is fine with me to add Richard to the deceased list. He died July 14, 2003 of Respiratory Failure. He was disabled for several years. He would be very proud to be added. We were married for 32 years and had 3 sons. Thank you for the links to my reunion information. Good Luck!!

Deborah

This is my current list on CONFIRMED graduates.

Remember if you know of any one that isn't listed and you know or can get their e-mail address please do so and mail it to me. I will contact them and let them know what I am doing. We started with 44 names and now have 99. The three that are hi-lited were recently added.

Remember to check out our "web site" that Pam Martin and now Jimmy Aslan are working on. Jimmy is going to attempt to have a weekly "LIVE CHAT ROOM" on the web site in a few weeks. What he is planning is example, maybe every Thursday nite at 8:00 to have as many 1969ers get on line and cover a topic for 15 minutes and then the last 15 minutes just instant message each other on anything. This we hope to be a weekly event. More on this in a few days.

**Michael,**

Thanks for taking on this "project". It will be nice to now be able to keep up and informed with more of our classmates. Missed seeing you all at the reunion, but we have a family issue that keep me from attending- see you next time.

Next week I will give a report of the 09's reunion commettee's final wrape up meeting.

I could really use some Help.

How???

I'm glad you asked.

I have had over 195 names turned in but over 100 names e-mails were wrong.

So my "Paxon notices" list is small.

If you don't see someone's name on the list below and you have their e-mail and name, PLEASE send it to me. I will contact them individually and explain what I am doing and ask if it's OK for me to add them to my list.

If you receive this e-mail and DON'T see your name on the list then e-mail me back so I can cross reference them. There are several people that are on the e-mail list that aren't fellow graduates, but they have some kind of connection with our class and want to receive the update notices and that is OK.

notice;

Jimmy Aslan called me the other night and said he has lost 15 more pounds and he and his doctor agreed to cut back on his Chemo to help with his appetite.

Just a reminder, Jimmy likes to keep busy compiling the letters that each of you are asked to send him with the memories of high school with him. If you haven't taken the time to write him, please try to do this in the next few weeks as I'm sure he would appreciate it. If you don't have a story, maybe just a note of encouragement to him would be nice or make something up.

This contact number will go directly to him not through me.
